Frequently Asked Questions

Do I need a passport for international travel?

Yes. A passport establishes your identity and United States citizenship to anyone who needs to know. It also guarantees your admittance to the U.S. following an international trip. It is a requirement for any person traveling out of the country. You will also need a Bahamas Health Travel Visa.

Will my electrical appliances (ex. electric shavers, hair dryers, irons, chargers, etc) work abroad?

Yes. The Bahamas uses the same electrical outlets as the ones used in the United States.

Will I be able to make calls with my cell phone while overseas?

Your coverage will depend on the service provider or carrier that you use and roaming charges can be high. If you have a personal cell phone, check with your provider on coverage issues. You will want to know whether your existing phone will work in your country of travel, and whether you will be able to get both voice (phone) and data (email/web) services.

AT&T: widely available; coverage page

T-Mobile: widely available; coverage plan

Verizon: available in some countries

Nextel/Sprint: no international coverage

If your phone plan doesn't allow you to call internationally, a more convenient option is to download the What's App telephone app for your phone. This will allow you to make free telephone and video calls once you are connected to WIFI.

Will I be able to access the Internet with my laptop while overseas?

Yes. The villa that we will be staying in, will be equipped with free WIFI. Most laptops and cell phones have both WIFI (802.11) and/or wired Ethernet ports that can be used in many hotels and convention centers around the world. Check your computer manual for basic instructions on configuring Windows XP, Windows ME and Apple Macintosh computers.

How do I exchange my money?

There is no need to exchange your spending money into Bahamian currency before your trip. One Bahamian dollar equals one U.S. dollar and the U.S. dollar is accepted as a form of payment in the U.S. In order to ensure you have U.S. money when returning, you must request that any change you receive be returned to you in the U.S. currency.

If there is a need to get money from the U.S., there are numerous ATM machines throughout the island and ATM cards are widely accepted across the Bahamas. Please contact your bank with specific questions regarding fees and eligibility.

What will the weather be like where I'm going?

As with any place, the weather in your destination will vary depending on the time of year and time of day. Be sure to check an official weather report to get an idea of the current conditions. It's also beneficial to research the climate of your destination(s) during the time of year you expect to travel.

How long is the flight? What is the time difference?

Flights vary depending on distance, amount of stops and direction of travel. You can check with your airline reservations to find the exact time of departure and landing. Oftentimes the airline can tell you the duration of your flight or trip. Remember, the departure and arrival times listed apply to the local time of the corresponding city. The Bahamas is in the Eastern Time Zone, which is one hour ahead of Arkansas.

Frequently Asked Questions

What *can't* I pack in my carry-on bag?

The new rules ban almost all liquids, creams and gels from being carried aboard flights. That means you should not pack sunscreen, lotion, shampoo, toothpaste, hair gel or beverages in a carry-on. Those items must be put in your checked bags. If you are in doubt about an item, pack it in a checked bag or leave it home.

Are there any exceptions to the new rules in the USA?

A few. You can still bring baby formula, breast milk or juice if you're traveling with a child; prescription drugs if your name is on the bottle; and insulin or other "essential" non-prescription medications. Screeners should not make you sample the liquids.

Can I still bring medicine along if it's not in liquid form? What about bars of soap?

Yes, it is OK to put those in a carry-on bag.

Besides the ban on liquids and gels, what else will be different about security?

The TSA said screeners will be checking passengers more thoroughly at checkpoints, including inspecting more bags by hand. They also will be searching some passengers a second time immediately before boarding — a practice instituted shortly after the Sept. 11 terrorist attacks but discontinued several years ago.

Things to Bring

The clothes you need to pack will differ depending on your destination, the length of your trip, and the nature of the activities. Besides the basics, here are some things we recommend you bring for any international adventure:

Pack according to the number of days you will be gone

- Underwear
- Socks – numerous pairs

- Swimsuit
- 2 pair of sneakers (if desired)
- Jacket (Wind Breaker for evening)
- Sweatshirt
- Towel (large)
